SPUR TRACK BEING BUILT.

Twenty-two Teams Engaged in Excavating. Foundation Work on Kilns Completed.

The past week has seen great progress made on the Brick & Tile Co.'s plant at Bow Island. The excavating work on the kilns is now completed, and that for the main building has been rushed ahead so rapidly that one or two days more will see this portion of the work also finished up.

The surveying for the spur track was done on Tuesday, and to-day (Friday) a commencement was made upon grade work. The grading for the loading spur is already executed.

At present there are some thirty men and twenty-two teams engaged upon the work. It is expected that this number will be added to considerably during the next few days.

To-morrow (Saturday) is pay day, and some \$1500 will be handed out.

Board of Trade.

The Annual Meeting of the Board of Trade was held in the L.O.O.F. Hall on Friday the 9th inst. The president, R. A. S. MacLaren, was in the chair, and a fair proportion of the members were present.

After the reading and disposal of the minutes of the last meeting the election of officers for the ensuing year took place, and resulted as follows: President, F. J. Henderson; Vice-President, W. A. Bateman; Executive Council, S. G. Jamieson, J. M. Cotton, R. A. S. MacLaren, W. P. Cotton and J. W. Reid. Auditors, A. Lee and R. A. S. MacLaren.

A financial statement was presented by the secretary, and showed a balance in hand of \$38.00.

The Annual Report proved conclusively the good work accomplished by the Board during the past year. Amongst other important items we notice particularly the stand taken by the Board against the exportation of natural gas from the province; the exposure of wild-catting in sub-division property; the obtaining for Bow Island of the Short Course School in Agriculture; the organizing of the effort to raise money for the drilling of the municipal gas well; the securing of the National Highway through the town; and the concerted action with the Associate Board of Trade, which resulted in the opening of the Post Office for one hour on Sundays.

The matter of forcing that part of the Hon. Cook's homestead adjoining the National Highway came up for discussion again and it was decided to grant the necessary wire and posts to Mr. Cook and thus complete the contract made with the farmers who granted land for the National Highway.

It was also decided to prepare some advertising pamphlets dealing with the advantages and inducements offered to manufacturers, and W. P. Cotton and R. A. S. MacLaren were appointed a committee to see the matter through.

A hearty vote of thanks was accorded the retiring president for his untiring efforts during his term of office. Mr. MacLaren suitably replied, and in wishing his successor and the board every success during the coming year asked the members to extend to their new president the same generous support which had been given him (Mr. MacLaren) during his term of office.

D. L. Jamieson brought up the matter of obtaining a thoroughly competent instructor for the citizens' band and introduced Mr. Austin, of Cranbrook, who would be willing to take charge of the band for the salary of \$75.00 per month. After a little discussion it was decided that the board of trade recommend the proposition to the citizens for their favorable consideration.

Town Council.

Make Preliminary Arrangements for Piping Gas to the South Side.

A meeting of the Town Council held on January 5th at the secretary-treasurer's office. Present - Mayor Luckhardt, Councillors Robertson, Cotton, Reid, Horn and Willmot.

The following accounts were read: Canadian Equipment Co., \$1091.75; J. M. Bratton, \$28.25; Pioneer Lumber Co., \$2.80; E. L. Christie, \$2.40; International Supply Co., \$5.50; W. A. Bateman, telegrams, etc., \$1.80; E. Bandell, \$21.00; E. Hensley, \$30.30; A. McAloney, \$7.70; J. Bernard, \$11; E. Bandell, \$7.20; J. Forbes, \$31.15; J. Riley, \$25.35; H. Hensley, \$24.30; J. Riley, \$45.85; J. Johnson, \$100.00; Western Canada Agency, \$211.92; Western Canada Agency, \$143.23; C.P.R., freight, \$23.31.

Accounts were ordered paid if found correct.

The secretary was instructed to make application to the C.P.R. for piping natural gas across the railway tracks on Lethbridge Ave., and on crossing between Sections 34 and 35, 10-11-14.

The regular meeting of the Council was held on January 8th. Present - Mayor Luckhardt, Councillors Hard, Robertson, Cotton, Reid and Willmot.

The following accounts were ordered paid if found correct: Phone account, \$65.30; Willmot Bros., \$32.01; Bow Island Blacksmithing Co., \$10.00; J. Sampell, \$30.23; Birnie Bros., \$65.45; E. L. Christie, \$60; Quong Sang, \$1.40.

Gaslight thought was granted a license for five pool tables.

New C.P.R. Line.

Still another large area of southern Alberta will be given railway facilities next Friday when a new line of the C.P.R. running from Suffield to Retlaw, a town 15 miles south of Suffield will be opened for traffic. General Superintendent Coleman has just returned from an inspection tour of the line and states that a one-train a day service will be put on at the first and might be increased later as traffic becomes greater.

It is the intention of the C.P.R. to extend this line to the Lethbridge branch of the C. P. R. running south from Calgary, and will join this line at a town called Blackie. When this road is completed the C. P. R. lines in Southern Alberta will cross the country like the meshes of a web and as by another road having any clear territory to build a railway through it will be almost an impossibility.

The public works committee was authorized to fix up ditch on Lethbridge Ave. and Hat Ave., and lay sidewalk over C.P.R. crossing.

The gas by-law was then taken up and put through. Gas for domestic use was fixed at 35c per thousand feet. The question of fixing a price for manufactures was left open.

The matter of public safety in connection with the installation of gas was taken up and discussed and eventually the Solicitor was requested to draft a by-law.

The public works committee was instructed to provide a tool-house and workshop, and also an office for the gas inspector.

The meeting then adjourned.

Selz School District

The Annual meeting of the rate-payers of the Selz School District was held in the schoolroom on Saturday, this inst.

The chairman of the board of trustees, Mr. J. M. Deibert, took the chair and called the meeting to order at 2 o'clock. The other trustees in attendance were Mr. T. C. Thompson, secretary, and Mr. J. Nikolaus.

The teacher, Mr. O'Connor was also present and took notes of the meeting.

The reports of the teacher, secretary and other officials of the board, were read and approved. The school has made satisfactory progress in every way, and the percentage of attendance, 92.18, is very creditable.

After the usual business was transacted, the Chairman called for nominations for the office of trustee, and on the motion of Geo. Geta, seconded by Mr. Schatz, the retiring member J. Nikolaus, was unanimously elected for a further term of three years. This was the second honor conferred on Mr. Nikolaus in one week, as he was a few days previously elected one of the chief officials of the local board of trustees of the Catholic Church and Cemetery. The improvement of the school grounds and a few other necessary matters were left in the hands of the trustees.

It is pleasant to have to record that during the meeting not a jarring note was heard. Questions of finance and education were discussed in a broad and fairminded spirit, and the Chairman gave full time and scope for every detail to be expounded.

It is to this unanimity among the trustees, and the confidence of the rate-payers in the integrity of the management, that we owe the success of the meeting.

L. O. L. Box Social Highly Successful.

Rev. Harvey Moore Castigates
Sleeping Protestants.

The Box Social of the L.O.L. society held in the L.O.O.F. Hall on Tuesday evening, last, was well attended, and was given to undertake and achieved the end for which it was held, namely the awakening of interest in the work of the Orange Association.

The W.M., Rev. M. L. Wright was in the chair, and, after a short musical programme had been concluded, he called upon J. P. Werts, Provincial secretary, to address the meeting.

In the course of a short speech, Mr. Werts emphasized that the Orange association stood firm for Loyalty to God to King and to Country.

Mr. Wright emphasized that the Orange association stood for religious toleration of the broadest kind. Its motto was "Equal rights to all and special privileges to none." A true Orangeman could not be a fanatic nor a bigot. He was sworn to protect all loyal subjects of the King in the exercise of their religious duties and constitutional right. Any person who invited a Roman Catholic because he worshipped God, according to the dictates of his conscience was no man, and could not be a true Orangeman. Orangemen claim the same rights for themselves that they give to others and worked against any church that claimed political supremacy and political privileges.

Rev. Harvey Moore, B.A., Grand Organizer for the Province of Alberta, was the speaker of the evening. Mr. Moore in the first place dealt with the high ideals of the Orange Association, giving it first place among societies in this connection, excepting the Christian Churches.

The Association in the second place is loyal to our King and Country and lays great stress upon one school and one language, believing that to be the basis of national life. But Rome is against this, calling our schools godless—cesspools of iniquity, etc., and is determined to have separate and bilingual schools either according to law or against law.

The speaker stated that the Roman Church had no more right under the present law to take money out of the city treasury to support her sectarian schools than to take it out to pay her priests or the current expenses of her parishes. The speaker quoted many instances where the law had not been still violated in this respect, referring to Ontario, Quebec and our own Province of Alberta, where, under an amendment of the public act of this Province, which was introduced through the legislature in 1910, thousands of dollars annually go from the Corporation into separate schools in this Province. Mr. Moore showed in every case what the Orange association was doing to prevent this contravention of the public right and stated that it was the only organization standing out for the rights of Protestants. Mr. Moore also showed that many Protestants are unconsciously paying their taxes for separate schools and asserted that before the Court of Revision each year the Roman Catholic priest visits the Assessor's office to look over the lists in the interests of his Church. The Protestants, on the other hand, gave no attention to these matters.

The Immigration question was also dealt with the speaker asserting that the avowed object of Rome was to make this country French and Roman Catholic.

Mr. Moore concluded his speech by making a strong appeal to all Protestants to organize and thus prove their strength in unity. The only society which has shown proof of its determination to stand for equal rights to all and special privileges to none, was the Orange Association. Therefore it was the duty of all Protestants to join with that association in fighting for the maintenance of those great principles for which their forefathers had fought and died.

School Trustees of Alberta Meet at Medicine Hat.

January 28th is the date set for the opening at Medicine Hat of the Alberta School Trustees convention when from 100 to 250 trustees from every part of the province, together with delegates from Saskatchewan and British Columbia, will meet for a two days' session in Medicine Hat.

An effort is being made to have Dr. Dyde of Robertson College, at Edmonton, to be present and give an address. He is considered one of the foremost educators in the province and holds the chair of Philosophy in the college.

It is expected that Miss Annie Verth Jones will represent British Columbia and will give an address during the course of the convention. There will also be one representative from Saskatchewan.

Although the program for the convention has been only tentatively formed, several of the speakers can be counted upon to give addresses. A symposium on Vocational Education will be held with the following addresses: "The General Aspects of Education," by S. Y. Taylor, Calgary; "Urban Industrial Education," by Dr. J. C. Miller, Camrose, the newly appointed superintendent of technical education for the province; "Agricultural Education," by M. A. Howe, Vermilion.

Other speakers and their subjects, are: W. W. Gould, C.A., of Edmonton, formerly chief clerk in the education department, who will speak on "Rural School Financing and Accounting"; W. E. Hay, of this city, who will discuss "The Equipment and Administration of Playgrounds"; J. A. Ross, of Edmonton, Supt. of school inspectors, upon the subject, "The Functions of Provincial Inspectors," Jas. McCall, former superintendent of the Edmonton schools, when the committee is trying to secure for an address on "The Functions of City Superintendents." The complete program of the convention will appear later.

Georgeson Has 256,000 Acres of Gas Rights.

Monro Jaw, Jan. 12.—Representing rival companies desiring to sell the city natural gas, Eugene Coste, of the Western Light, Heat and Power Co., and Mark Drumm, formerly of Saskatoon, representing the William Georgeson interests engaged in warty warfare. Coste said no company could pipe gas from Bow Island to Monro Jaw and make it pay, while Drumm said they could. According to Drumm the Georgeson interests have blanketed 256,000 acres of the natural resources of Alberta.

SELZ SCHOOL DISTRICT continued from page 1.

of the board that the success of the school may be mainly attributed.

The ratepayers have certainly chosen wisely, for better officers could not be found to fill their respective positions than those elected. The thanks of both parents and children alike are due to those gentlemen who are filling the offices so satisfactorily.

SYNOPSIS OF CANADIAN NORTH WEST LAND REGULATIONS.

ANY person who is the sole head of a family, or any male over 18 years of age, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-agency for the district. Entry by proxy may be made at any agency, on certain conditions by father, mother, son, daughter, brother or sister of intending homesteader.

Duties.—Six months residence upon and cultivation of the land in each of three years. A homesteader may live on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$2.00 per acre.

Duties.—Must reside upon the homestead or pre-emption six months in each of six years from date of homestead entry including time required to clear each homestead (patented) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may enter for a purchased homestead in certain districts. Duties.—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$2000.

B. I. JAMIESON - JEWELLER

IMPORTANT NOTICE!

To all Users of Natural Gas.

PROBABLY every other person in town who is using natural gas in their heaters and ranges has had trouble and are not obtaining the satisfaction they should have with such a perfect fuel as natural gas. The gas is everything to be desired, but a range or a heater which was constructed solely for coal fuel cannot be expected to give satisfaction when natural gas is installed as a substitute.

We have anticipated this trouble and have shipped in a carload of heaters and ranges made especially for use with natural gas fuel. The manufacturers have had many years experience in the construction of gas ranges and heaters, and they guarantee that their goods are as near perfection as it is possible to produce. They also guarantee them to save their cost by their economy on fuel. We estimate that they effect a saving of 200 ft. in every 1000 feet of gas consumed. They are so constructed as to eliminate all danger of asphyxiation from the deadly fumes arising from the burned gas.

See them and you will at once appreciate their advantages

Local and General.

Mrs. Stransburg is visiting here for a few days this week.

E. H. Willmot was a visitor to Medicine Hat on Tuesday.

Birth.—On Saturday, January 10th, to Mr. and Mrs. G. R. Howden, a son.

Mr. A. F. Dulmage was a visitor to Lethbridge on Saturday.

Ben Whitley is erecting a spacious building on Main Street.

H. B. Hunt has been appointed postmaster at Foremost.

Wilfred Henderson has taken a position in the office of the Bow Island Sewer Pipe & Tile Co.

Beattie Bros. sold this week the north half of sec. 11-9-11 to Geo. Evans.

Mrs. Isabel Whitley returned on Wednesday to St. Hilda College, Calgary, to resume her studies.

Mr. W. Overpack has been on a business trip to Washington this week.

Mrs. A. B. Hoeglin with her grandson spent a few days in Lethbridge this week.

Rev. A. Bauer, of Medicine Hat, supt. of missions, will preach in the Methodist Church on Sunday night.

The lantern services for children at All Saints' Church on Tuesday night was much enjoyed. The church was crowded.

A number of the young people of the town paid Miss May Wright a surprise visit on Monday night and spent a very enjoyable evening.

Remember Spicella is a flesh reducing corset. They give style and comfort.

There will be a meeting of the Catholic Ladies' Altar Society at the home of Mrs. Frank Grund on Wednesday, January 21st, at 2:30 p.m.

A lucky game at Tabor on Monday between that town and Medicine Hat resulted in a win for the latter by 3-2.

Messrs. W. Overpack, E. J. Henderson, E. W. Lockhart and Supt. Stransburg returned on Monday from an auto trip to Frank.

Mrs. E. C. Ladtko has been suffering from an attack of pleuritic poisoning. She is now, however, we are glad to state, much better.

We are pleased to record that Vera, the little daughter of Mr. and Mrs. Trelo, Ridgdale, who has been suffering from a severe attack of pneumonia, has now recovered. This is the sixth attack the little girl has had.

J. M. Gibbons, who has been on a visit to Saskatchewan, returned on Saturday last accompanied by his bride. Our congratulations to the happy couple.

Oliver Rogers, B.A., M.D., visited his sister, Mrs. M. L. Wright, on Thursday. Dr. Rogers was en route for Champion, Alta., where he is enacting upon the practice of medicine.

It registered 22 below zero at Toronto on Monday. Here at Bow Island we are experiencing almost spring-like conditions. The snow has certainly nothing to offer us in the weather line.

Rev. Wm. Shearer, Supt. of Missions, will conduct the services in the Presbyterian church on Sunday the 18th. Sunday school and Bible class at 11 a.m. Public worship and Communion at 7:30 p.m.

Mr. P. E. Ladtko rented this week his hardware store to a visitor from Swift Current, who intends converting it into an up-to-date restaurant. Electric fixtures will be installed and the place made modern in every particular.

T. A. Ross finished on Friday last ploughing and barbed-fencing a large piece of land at his farm north of town. Several other farmers in this district have also taken advantage of the prevailing mild weather to get up in their land.

Do you wear a Spicella corset? Remember, they are guaranteed for one year not to break or rust.

Messrs. C. G. Groff, editor of the Taber Times; Carl Johnson, J. R. Howard, Allen Carley and L. T. Westlake, arrived down from Taber on Wednesday. Mr. Johnson made arrangements whilst he was here to start a moving picture theatre in town.

On Wednesday building operations were commenced on a 20 x 30 rooming and boarding house south of the track. The building, which will be two stories in height, is being erected for Mrs. Brown of Medicine Hat, and is being built on the Hopkins Place immediately south-west of the depot and adjacent to the industrial site.

The Bow Island Realty and Development Co., comprising Messrs. W. J. Douglas, Harris G. Rogers and Gilbert M. Blackstock, have opened up this week offices in the Brophy block on Main Street, next door to the Sewer Pipe & Tile Co. The above company are selling agents for the Hopkins Place subdivision.

Geo. Eason of Swift Current was a business visitor here on Monday. Whilst in town he purchased from E. W. Lockhart some lots near the public park, upon which it is his intention to erect two or three houses for the spring. Mr. Eason, with one or two others, will also take up building and contracting.

Cattle Wanted.—About one hundred head for cash.—T. A. Ross, Bow Island.

To Rent.—The north half of Sec. 27-9-10. A first-class grain farm, all fenced. 200 acres under cultivation 100 acres ready for crop, good buildings and lots of water.—Apply to S. Bellamy, Bow Island.

Calgary, Jan. 18.—More than one thousand delegates will attend the annual convention of the United Farmers of Alberta, which will meet at Lethbridge next week. A special train will leave here Tuesday, which will take all the northern delegates south. Many important matters will come before the convention. The work of the Co-operative Elevator Company a subsidiary organization, which built more than fifty community elevators during the summer, will be reviewed and arrangements will probably be made for as many more during the coming year.

Strathmore union may make a fight against the elevators, on the rather remarkable grounds that the elevators are operated through a corporation, and the farmers' union is pledged against all trusts and corporations.

Short Course School

in

AGRICULTURE

will be held in

BOW ISLAND

from

January 26th to 31st

Instruction will be given in Livestock, Dairying, Agronomy, Poultry and Domestic Science.

Four Carloads of Pure-bred Stock will be carried for Demonstration Purposes.

**The course is entirely Free.
Everybody Welcome.**

Hon. DUNCAN MARSHALL,
Minister of Agriculture.

C. E. LEWIS,
Supt. of Fairs and Institutes.

Might Work

My husband hasn't taken a vacation this year. He never takes a day off. He is big two-fisted woman, and start brisily in to housecleaning.

Mr. Evans created a New York restaurant and a friend sent me out one of the tables.

Helen Lovell, he said, how are you? I am a waiter now.

A Chicago woman has been awarded \$10,000 and a costly residence by way of alimony, and a Brooklyn school teacher has secured \$25,000 for breach of promise. Will the mere never learn that it pays to be good?

The Limit
Why don't you take Miss Long out riding any more, Jack?

Her new automobile cab is so loud that they can't hear his horn round the curve.

There is always a fly in the ointment. For instance, the new suffrage army of women in England is to be drilled by a man.

How is your son coming on at college?
Not at all.

Why, what's the matter?
He won't do anything but study.

The agricultural department now has a new secretary, a woman named Farmer Whitmore.

What's that actor your attitude toward him?
Not at all. I've got lots of friends that he can't help but drop out.

Strangeness of the Sex
A woman can become highly excited over the fact that a bride is starting out in married life with machine-made naphkins.

Work is a good thing, but at that what's the use of saying anything about it? There's so much of it in the world that it can be depended upon to take the care of itself.

Sometimes it's called a fool because he does ask a question that a wise man can't answer.

It is something of a surprise to the housewife that the whole thing is so simple. It is something of a surprise to the housewife that the whole thing is so simple. It is something of a surprise to the housewife that the whole thing is so simple.

Natural gas is always found quite near the surface—in the promoter.

Marcella—Heathcote's manner is extremely pleasant, isn't it?
Waverly—I should say so, with the accent on the pluck.

Women are natural ecologists because they can look prettier and doesn't cost anything.

After a man gets to be fifty he begins to wonder what makes his schoolmaster and his old and young face belong in the same class with the young stars in office.

Self respect is a fine thing to have handy, but never to give away.

Painters' Tricities

The painter Beekman's wife would never let her husband to bring a model to his studio. That is the tragedy of my life, said Beekman.

To create without a model is almost impossible, while to employ one is to have means to break with my wife. The episode is recalled by Dr. Angelo S. Roper, in *Tranquil Artists and Their Models*.

The wife of the artist of Lucetta del Fede, she could, un-athletic, excited the woman who was offered, married and immortalized by Andrea del Fede. She outlived her husband by many years, and at the age of eighty, in 1916. Long after Dr. Angelo S. Roper, the painter, was a dry-eyed, aged in copying "The Birth of the Virgin" in the Church of the Annunziata, Florence, where an old woman on her way to church stopped to watch the painter, and pointed to the central figure in the painting, said: That is my portrait.

At eighty-six she was proud to proclaim herself the widow of the immortal artist in whom she had given so little peace when he was alive.

It was a street car conductor's butler in the church of which he was a member to take up the collection one day, and as it happened, his first experience of such duties. He was a little nervous as he started down the aisle, but that nervousness was all he had, and he began to feel almost at home.

There were several children in the front pew. Each put in a penny. The conductor went all right, collected, and something came.

As he was going back to the third pew, the new collector passed him the plate but a man shook his head and said his hands were dirty from his pockets.

Thereupon our friend, the conductor, stopped, put up his hand as if to jerk the man, and said: Well, you'll have to get off.

Playing for a Finish
Nobody can do a thing with him. His case seems to be hopeless.

What he needs—
Is an epithet.

My father, the English girl's eyes flashed proudly—the six hundred at Balaia.

The American said smiled appreciatively to her words—the four hundred in New York.

A laborer had recently taken to socializing with the men of the following conversation took place:
Now, Mike, if you had two bric bracs would you be willing to give me one of them? I'd like to see you.

And if you had two coats, would you be willing to give me one of them? I'd like to see you.

And if you had two hats, would you be willing to give me one of them? I'd like to see you.

And if you had two shoes, would you be willing to give me one of them? I'd like to see you.

And if you had two socks, would you be willing to give me one of them? I'd like to see you.

And if you had two gloves, would you be willing to give me one of them? I'd like to see you.

And if you had two belts, would you be willing to give me one of them? I'd like to see you.

And if you had two ties, would you be willing to give me one of them? I'd like to see you.

And if you had two collars, would you be willing to give me one of them? I'd like to see you.

And if you had two cuffs, would you be willing to give me one of them? I'd like to see you.

And if you had two buttons, would you be willing to give me one of them? I'd like to see you.

And if you had two stitches, would you be willing to give me one of them? I'd like to see you.

And if you had two threads, would you be willing to give me one of them? I'd like to see you.

And if you had two needles, would you be willing to give me one of them? I'd like to see you.

And if you had two threads, would you be willing to give me one of them? I'd like to see you.

And if you had two needles, would you be willing to give me one of them? I'd like to see you.

And if you had two threads, would you be willing to give me one of them? I'd like to see you.

And if you had two needles, would you be willing to give me one of them? I'd like to see you.

And if you had two threads, would you be willing to give me one of them? I'd like to see you.

And if you had two needles, would you be willing to give me one of them? I'd like to see you.

And if you had two threads, would you be willing to give me one of them? I'd like to see you.

And if you had two needles, would you be willing to give me one of them? I'd like to see you.

And if you had two threads, would you be willing to give me one of them? I'd like to see you.

And if you had two needles, would you be willing to give me one of them? I'd like to see you.

And if you had two threads, would you be willing to give me one of them? I'd like to see you.

And if you had two needles, would you be willing to give me one of them? I'd like to see you.

Began Neal Drink Treatment

On Friday, Back Home on Monday

A man who has tried every way to give up drinking and failed, time and time again until he took the Neal Treatment, says: "Long and expensive trips to mineral springs, Turkish baths, medicine and advice from physicians, all failed to overcome the physical demands of my system. For continued indulgence in my habit, my use of liquor, acting on the advice of a friend I began the Neal Treatment on Friday morning and was back home the next Monday morning in better mental and physical condition than I had been for over six years, and with a healthy instead of the old craving for liquor."

The Neal Treatment consists of a purely vegetable, remedy taken internally which leaves no bad after effects. No hypodermic injections are employed, and the patient is restored to his normal health. You can be successfully treated at any of the Neal Institutes in Western Canada.

NEAL INSTITUTES:

405 Broadway Winnipeg 3124 Victoria Ave., W. Regina 820 13th Ave., W. Calgary

Curious Fish Spearer

In spite of the march of civilization there remains much that is still primitive in society, and a curious sight at Palermo is to see the fishermen spear the fish in the harbor by the aid of glass bottomed buckets, says the *Vide World Magazine*. There are many corners of the world where fish are speared, but perhaps the most curious is to be seen only at Palermo. The fishermen lean far over the side of their boats and hold the bucket on the water with one hand, holding their heads into it as if engaged in the halibut game of ducking for apples. They hold a spear pointed in the free hand and thus await the arrival of their victims, who are speared through the glass bottom of the bucket, which acts as a kind of telescope.

Worms feed upon the vitality of children and endanger their lives. A simple and effective cure. *Minard's Lintment Cures Coughs, Croup, Whooping Cough, etc.*

Rather Perilous
How do you like Miss Gay's make-up?

Looks as if she must belong to the Impresario's circle of painting.

Explained
What do people mean when they talk about being at white heat?

Maybe when they get right and they turn pale.

Minard's Lintment Cures Coughs, Croup, Whooping Cough, etc.

His Efforts are Vain
He is trying hard to marry off that ugly daughter of his.

Why doesn't he try offering a reward?

The latest experience proves that any man who tries to navigate the Whitepool rapids for the movies is destined to demanding his pay in rags.

Real babies are to be utilized instead of the ones in the motherhood classes to be established in China, and the classes are to be in the babies, but the classes must be first-class.

Militarism has reached the republic of San Marino, which has increased its army more than 300 per cent and equipped its army with the latest weapons. The army now consists of thirty well drilled men.

Winning, Man. Dec. 10th—This magnificent hotel was opened for the reception of guests to day.

Adjacent to the palace of that famous monument "Old Fort Garry" memorable in the early history of Canada's western development, has been erected the Grand Trunk Pacific Hotel.

The Fort Garry, a magnificent edifice, one of the world's finest hotels, embodying in its construction the most advanced scientific and architectural ideals.

Located in the heart of Canada's greatest western cities, to which all lines of traffic converge, it is readily accessible to the railway and electric car line, and the best theatre, the grandest of the city's "show" houses, and the most famous of the city's "show" houses.

The Fort Garry is built of the finest
